

JUNE 6, 1988

Dear Sea Pines Neighbor:

This is a brief capsule of three meetings - Sat., May 28, the Annual Meeting on Sunday, May 29, and the reorganization meeting on Sunday, May 29 at 2 P.M.

Our pool has passed inspection by the town. It is now open. Court number one of the tennis courts has been resurfaced and all courts are ready for play. Combination locks have been installed on the tennis courts - 7940.

I have received the official retirement of Fred Nichols from the Grounds Committee. We all owe Fred a tremendous amount for his enormous service to Sea Pines. Hats off to Fred for a job extremely well done.

Our Reorganized Grounds Committee consists of:

Co-chairmen Charles Phillips (Phase II) & Joe Stukas (Phase III)

John Lobingier (Phase I)

Hy Kraft (Phase IV)

Please contact the grounds committee person from your phase. If you have an emergency and can't reach your own phase representative call one of the other chairmen. All regular calls are to be handled by your phase representative.

Our accounting system will be changed for January 1, 1989. Our acting Treasurer, Bob Grogan and the Finance Committee will make the necessary changes to go on accrual accounting system which is the same system used by our financial auditors. This will end up with a much easier system to follow according to our financial experts.

On page two are the election results of annual elections.

In the near future, the chair person of each committee will be listed on the board. If you wish to serve on any committee please contact that chair person.

The Town of Brewster voting registrar has requested voters use the address on their tax bill when applying for a ballot.

Would you please add to your Sea Pines' Directory the following:

Robert Zimmerman Cape phone# 896-5325
Boston # 247-2243

Sincerely,

Bernie Phaneuf
