Foreword

The following rules and regulations for Sea Pines are taken from the condominium governing documents (Master Deeds and condominium association By-Laws). They also include rules established by the Sea Pines Facilities Management Board (FMB).¹ Many of the FMB approved rules are informed by the recommendations of the various Sea Pines committees. Embedded in these rules are information and instructions concerning the proper use of various Sea Pines amenities such as the beach, clubhouse, pool, and tennis and pickleball courts. It is essential that all Unit Owners, their tenants, guests, friends, or family are familiar with and carefully adhere to these rules and instructions. They are designed to create a safe and comfortable living and recreational environment, maintain property values, and ensure an attractive Sea Pines campus. Failure to adhere to these rules may result in loss of the privilege to use a Sea Pines amenity and/or a fine.

¹ Rules which appear in *italics* are taken from the [Sea Pines Condominium Association By-Laws](#) and as such can only be modified or amended by the vote of 66.67% of all Unit Owners. Other rules have been established by the Facilities Management Board (FMB) and are subject to change from time to time.

- f. All boats must be removed from the beach by October 15.

5. Boat Storage - Clubhouse and Pool Areas

- a. Boats may be stored in the grass area across from the clubhouse between May 15 and October 15 only.
- b. Boat storage space across from the clubhouse is limited and is available on a first-come, first-served basis. Owners are not able to reserve specific spaces.
- c. Only large boats may be stored in the area across from the clubhouse—no kayaks, sunfish or other small watercraft may be kept here.
- d. Only boats that are actively used during the summer months may be stored across from the clubhouse. Any inactive boats left in this area during the summer boating season must be removed by the owner.
- e. Boats should be stored in an orderly alignment, perpendicular to the parking lot, and as close as possible to neighboring boats in order to use space most effectively.
- f. During boating season, empty trailers should be stored in the area behind the pool whenever possible. If there is not enough space behind the pool, trailers may be stored

in the grass area across from the clubhouse in an orderly fashion with the prior approval of the Beach and Boating Committee Chair.

- g. During the winter months, owners may store their boats and trailers in the area behind the pool. Space is limited and is available on a first-come-first-served basis.
- h. Sunfish may be stored in the area behind the pool during the winter. All sunfish are to be stored on their sides to maximize the limited space available for winter storage. No wheels, dollies or other similar accessories should be stored here.

SECTION 15 – Kayak and Paddleboard Storage

- 1. Kayak racks are for use only by Sea Pines Unit Owners and their tenants.
- 2. All kayaks, paddleboards, and beach mats must be registered with Sea Pines and must display Sea Pines boating tags containing owner's name, Sea Pines address, and phone number.
- 3. The kayak and paddleboard registration sheet and tags are available in the Sea Pines clubhouse. Any unregistered or unlabeled watercraft will be removed from the kayak racks and placed on the beach.
- 4. Kayaks and paddleboards should be oriented in the racks such that the Sea Pines tags containing each owner's name, Sea Pines address, and phone number are fully visible when viewed from the front of the racks.
- 5. Kayaks may be stored on the kayak racks, on the beach, or moored in the water. Paddleboards may be stored in the kayak rack, and beach mats in the kayak rack area. No kayaks, boats, paddleboards, beach mats or other objects may be stored on the dunes at any time.
- 6. Paddleboards are to be stored only on the top level of the kayak racks as they are much lighter than kayaks.
- 7. Spaces in the kayak racks may not be reserved, except by special request to the Beach and Boating Committee Chair by a person with a disability. Otherwise, spaces are to be used on a first-come-first-served basis.
- 8. The lower levels of the kayak racks are to be reserved for larger kayaks. Lighter, single-person kayaks should be stored on the upper levels of the racks.
- 9. Kayaks should be "front-loaded" when being placed on racks. One end should be propped up to an available spot in front of the rack and then slid up into place.
- 10. Kayaks should be flipped and stored upside-down so that they do not collect rainwater and become too heavy to remove safely.
- 11. All foot traffic in the kayak rack area must be limited to within the designated walkways.
- 12. Kayak racks will be available only beginning May 1 until October 15 of each year.

13. All kayaks, paddleboards, beach mats and other items such as floating beach mats must be removed from the beach no later than the first week of October.
14. Kayaks and paddleboards may not be stored in the area behind the pool; they must be stored in garages or off site during the off-season.
15. Questions should be directed to the Beach and Boating Committee Chair.
